

Mukund Rangarajan

Profile

Motivated and enthusiastic student seeking an internship in the fields of Mechanical Engineering or Software Development.

Employment History

Sales Associate at 7-Eleven, Sydney

October 2021 – November 20 22

Performed shift work alone as a cashier at a busy location in George Street.

Stocked, cleaned, received large deliveries, answered phones, and dealt with customer inquiries.

- Always remained punctual and professional.
- Adhered to all store policies, rules, and regulations.
- Mentored junior cashiers and new employees.

Freelance Frontend Web Developer

October 2023 – Present

Working with a backend developer, we are in the process of creating a user-friendly and engaging online platform for Dream Body Coaching, a business specialising in selling workout plans and supplements.

- Implemented user-centric design principles and e-commerce features into the website to create a seamless browsing experience.
- Collaborated with Dream Body Coaching Team to translate their vision and goals into an appealing design.

Education

Bachelor of Engineering (Honours)/Computer Science, University of New South Wales, Sydney

February 2021 – May 2025

EngSoc Programs Subcommittee (February 2023 – November 2023)

Contributed to the successful coordination of multiple key initiatives, including the Engineering Societies' Peer Mentoring, Applied Consulting and Engineering Upskilling Programs.

EngSoc Programs Director (December 2023 – November 2024)

Will help lead the Programs portfolio in 2024, with full control of the vision and execution of the programs in the hands of our director team.

CSESoc Peer Mentor (February 2023 – April 2023)

Provided guidance and support for a group of first year students in their first term of university along with a co-mentor. I supported them with:

- Orientation and integration.
- Personal development.

1st Place in LEVELUP Case Competition (Jan 2022)

Created a proposal for a hair salon web app that that uses AI to provide a financial quote given an image of a customer's hair.

4th Place in WIT Hackathon (Oct 2021)

Devised a proposal for a web app that would locate stock in a warehouse by providing an interactive visualisation of the space.

High School Diploma, Sydney Boys High School

January 2015 – November 2020

Graduated with ATAR of 98.55
